Nails & Beauty

@ Pierre & James we offer high quality nail enhancements using two gel product ranges ICE Professional Nail Systems Sheila was the regional trainer for LCN products for 10 years until, in 2009 when she designed her own range of products under the brand name ICE.

ICE Gel products are manufactured to the highest EU standards in the Netherlands and training is available through Southeast Nail Training via Ice Promoter/Trainers throughout the UK.

Nail systems need regular maintenance to keep your nails in tip-top condition. With every new set Sheila offers a FREE maintenance manicure within the first two weeks, so that she can assess the rate of nail growth and recommend a maintenance programme most suited to your needs.

Our beauty therapists Jenna and Parul at Pierre @ Pierre and James are mature and experienced and specialise in waxing and threading for thorough hair removal and eyebrow shaping lash and brow tinting.

If it's a relaxing treatment you are looking for we offer a range of facial and massage treatments to dissolve away the stresses of modern life

Overlays

Happy with your own nails, but would like a bit more strength so you can grow them longer or prevent splitting? Ice Power Plus (a clear soak off builder gel) gives a strengthening overlay on your own nails and you can combine this with French or Colour finishes.

Price is the same for first set and maintenance £29

Ice Power Polish—Gel/Varnish

Have strong manicured nails, but would like a colour or French finish that will last for at least two weeks without chipping?

Then choose ICE POWER POLISH, a hybrid Gel-Varnish applied over your own nails like a varnish, but set under a UV lamp like a gel.

It can be applied to finger or toenails, and removed by soaking with ICE SOAK OFF solution £24

Toes £24

Fingers & Toes (when booked at the same time) £44

Allergies

If you have had enhancements before, but had an allergic re-action to the products used.....

I can use LCN's Dermique Gel, which has been toxicologically tested and is certified hypo-allergenic. This works best as an overlay on your own nails.

Price is the same for first set and maintenance
Plain £27
French..... £32
Permanent Polish..... £37

Removal

We highly recommend professional removal of any gel system to ensure your natural nail is undamaged.

Most of the gels we offer cannot be soaked off and must be gently buffed away. If gel is removed correctly your nail will be as strong as before the gel was applied. Your nails may be slightly dehydrated so we would recommend a moisturising treatment such as paraffin wax and the use of a good Nail Oil and sealed with a clear or coloured varnish.

Removal, oil and varnish £22
